**Attention : Pre-Junior A, B & C students
(students only)**

Dear Parents,

As part of our educational programme we have planned to take our young students on an educational yet fun guided tour to the 'L-Arka ta' Noe' Animal Park (Noah's Ark Animal Park) in Siggiewi. This huge and beautiful zoo which hosts a variety of different species of animals is educational and interactive, giving the children the opportunity to learn and gain more knowledge about the different animals found in this park.

The outing for the Pre-Junior Classes will take place next week, on **Friday 6th November**. The Minivans will leave school at 8:45am sharp and all the students are expected to attend school at the usual time in the morning (return to school at around 12:45pm). The students will be accompanied by their respective class teachers and helpers. (extra supervision will be provided to ensure safety at all times).

The outing fee is 6 Euro which includes the entrance fee to the Animal Park, the transportation and the extra supervision required for the day. Kindly fill in the form hereunder and enclose it together with the money in an envelope. Please address the envelope to the class teacher responsible and send it to school by not later than Wednesday 4th November.

Students are to come to school wearing their full summer uniform and parents are kindly requested to provide their child with the a healthy snack and drink (placed in a separate labelled small bag), which the child will be carrying along on the outing, the usual breakfast (the children will as usual have their breakfast in the early part of the morning) and a second light snack (which the children will take when they return to School in the afternoon).

Please note that the outing will be postponed in the case of bad weather and the students will have a normal school day.

Whilst thanking you in advance for your kind attention and co-operation, please do not hesitate to contact me should you have any further queries.

Regards,
Ms Karen Galea
Early School Years Director
